

Week in Review and Lookahead

Friday, February 17, 2023

This weekend, February 18 - 19, work will continue on the demolition of the Government Center Garage. Shuttle buses will replace Green Line service between North Station and Government Center

Symphony Station Accessibility Improvements

- **Lookahead** | Crews will continue to prepare for the upcoming utility relocation work around the Huntington Avenue/Massachusetts Avenue intersection above Symphony Station, which will allow the construction of elevators to begin. In addition to making the station accessible, this project will deliver other upgrades to improve the rider experience at Symphony Station, including raised platforms for easier boarding, accessible bathrooms, new bike racks, and improved lighting and wayfinding. Construction of the station upgrades is expected to begin in the summer of 2024
