

 Massachusetts Bay Transportation Authority

Systemwide Speed Restrictions

Alternative Service Options Guide

03-24-2023

Print version - Produced by Customer Experience

The MBTA is advising riders to plan for additional travel time on the Red, Orange, Blue, Green, and Mattapan Lines while speed restrictions continue.

These restrictions are a safety precaution put in place as a result of findings from a Department of Public Utilities site visit last week.

The MBTA wants to thank riders for their patience during this time and remains committed to operating the transit system in the safest manner possible.

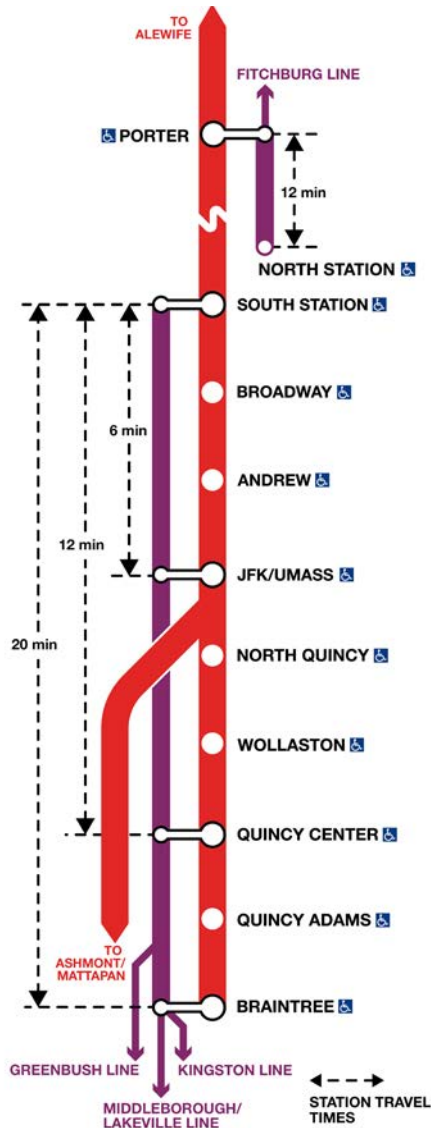

This guide provides alternative travel options on Commuter Rail routes that run parallel to subway service.
