

Week in Review and Lookahead

Friday, July 28, 2023

Orange Line Transformation projects, including traction power upgrades and construction at Wellington Yard continued to progress this week.

Traction Power Substations

Traction Power Substations: Modernize the third rail power supply to reduce the risk of service disruptions; develop a power system capable of supporting additional Orange Line service

- ✓ **This Week** | At Oak Grove, crews tested switchgear equipment and continued installing electrical connections to the transformer. At Sullivan, crews conducted firmware updates and testing
- **Lookahead** | Crews will continue performing cable connections, electrical connection installation, and testing on the new equipment

Wellington Yard and Maintenance Facility Updates

21,895 Feet of Track

69 Units of Special Track

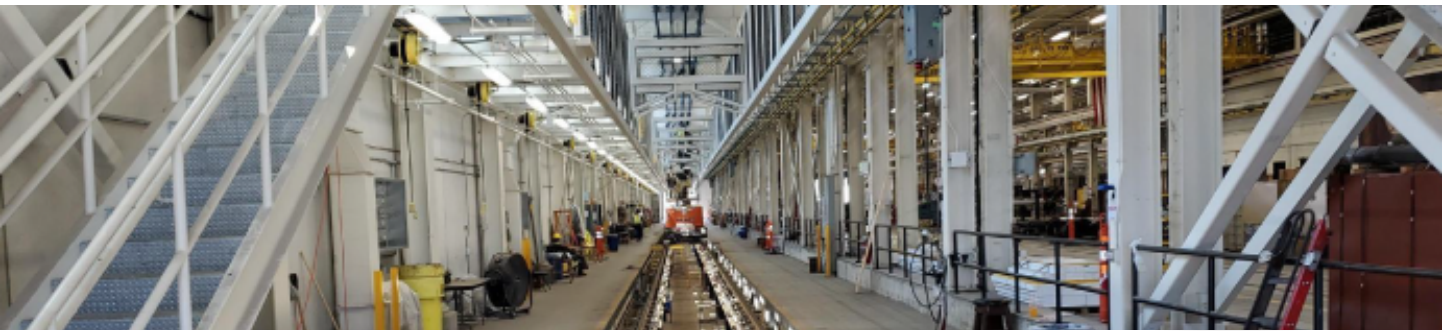

Traction Power & Signals

Wellington Yard: Upgrade Wellington Yard to increase service capacity, replace outdated infrastructure, and enhance safety

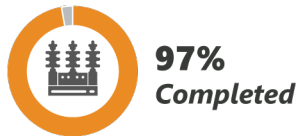

- ✓ **This Week** | The contractor removed and disposed of old electrical cables, and produced as-built site drawings and closeout documentation
- **Lookahead** | Crews will continue working on punch list items and producing as-built site drawings and closeout documentation

Building Upgrade

Power Substation

Train Wash

Maintenance Bays

Wellington Maintenance Facility: Modernize the Vehicle Maintenance Facility to improve vehicle maintenance, reduce downtime and customer wait times, provide cleaner trains, and deliver safer operations

- ✓ **This Week** | Work inside the vehicle maintenance facility was paused this week so that crews could support the Green Line B Branch Track Upgrades project
- **Lookahead** | Crews will continue working on tracks and at the electronics building
