

Week in Review and Lookahead

Friday, September 15, 2023

This week progress continued on upgrades to the Orange Line’s traction power system and Wellington Vehicle Maintenance Facility. Check the [alerts page](#) to stay up to date on changes to Orange Line service.

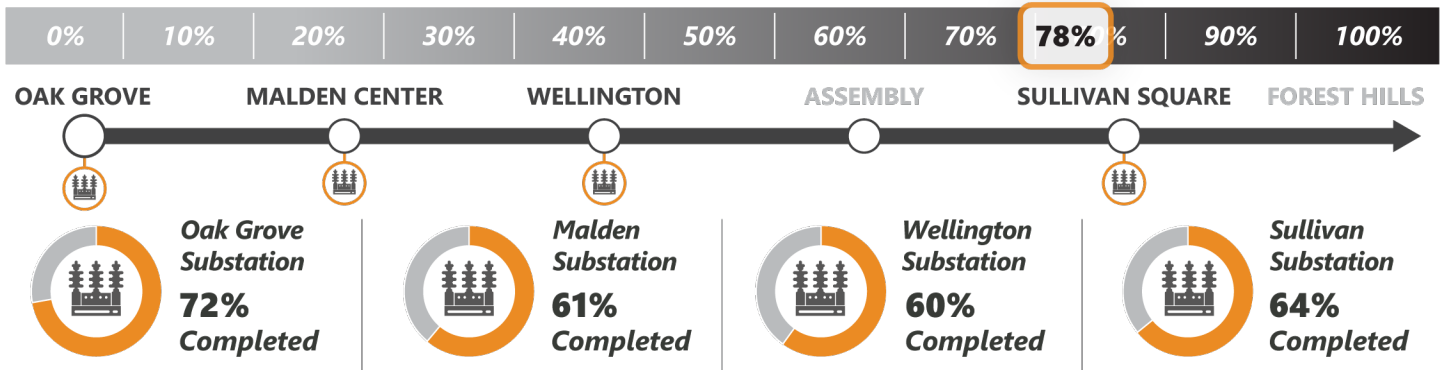

Wellington Maintenance Facility Updates

[Wellington Maintenance Facility](#): Modernize the Vehicle Maintenance Facility to improve vehicle maintenance, reduce downtime and customer wait times, provide cleaner trains, and deliver safer operations

- ✓ **This Week** | Crews saw-cut concrete in preparation of new floor drains installation at tracks 12 and 13
- **Lookahead** | Crews will install floor drains and continue performing electrical modifications at tracks and within the building

Traction Power Substations

Traction Power Substations: Modernize the third rail power supply to reduce the risk of service disruptions; develop a power system capable of supporting additional Orange Line service

- ✓ **This Week** | At Oak Grove, crews worked on electrical connections at transformer 2, performed testing, and wired switchgear
- **Lookahead** | Crews will continue performing cable connections, installing electrical connections, and testing new equipment
