

**Massachusetts Bay
Transportation Authority**

**MBTA Contract No. N50CN02:
Bus Corridor and Infrastructure Improvements On-
Call Project**

June 24, 2019

Overview

Today's board action will provide for accessibility, safety, and infrastructure improvements to the MBTA's bus system and parking facilities throughout the MBTA service area on an On-Call basis.

Construction Scope of Work

- Work anticipated to be performed under this contract includes:
 - Bus stop reconstruction, including sidewalks and curb ramps
 - Dedicated bus lanes
 - New bus shelters and amenities
 - Signage and wayfinding
 - Traffic and pedestrian signals
 - Busway improvements
 - Parking lot reconstruction and repair work

- The Contractor is expected to be available 24 hours a day, 7 days a week to perform the work requested by the MBTA on an On-Call basis.

Project Benefits

Benefits from projects anticipated to be advanced under this contract include:

- Improved safety for bus customers, MBTA employees, and the general public
- Improved bus system accessibility for seniors and persons with disabilities
- Improved bus service reliability and schedule adherence
- Reduced overall bus travel times
- Capacity expansion options to meet current and future demand
- Reduced infrastructure life cycle maintenance costs and lower energy consumption
