

Making your way on the Franklin Line while we improve the signal system

There will be **no weekend train service between Forge Park/495 and Readville Station** while we upgrade the signal system as part of Positive Train Control (PTC). PTC is a federally required safety control system that reduces speeds when needed and helps to avoid collisions.

Free bus shuttles will operate between Forge Park/495 and Readville Stations. Connecting train service will operate between Readville and South Station on the Fairmount Line.

Shuttle service is accessible. Any customer can use bus lift/ramp upon request. See operator for assistance.
